1923-24 SEASON.

In this List we are giving only the Current Prices of the New Lines, Improved Models and best Sellers for the opening up of the Season. Traders should refer to 1923 Price List for others not shown or mentioned here.

"TALMO" DYNAMO CYCLE LIGHTING SET THE

is now supplied

With Dry Battery Attachment

To enable Lamps to be used when stationary.

This is included WITHOUT EXTRA CHARGE.

No. 3566k Ditto, ditto, with Front Lamp only per set 18/- (Retail 24/-)

Supplied to fit Ladies' or Gents' Machines. State which is required as wiring installation differs.

The Sets comprise Dynamo, Dry Battery in good quality leather case fitted with switch, and lamps (either combined Front and Rear or Front only).

THE "TALMO" DYNAMO is the lightest on the market (weighs only 8 ounces) Protected under Dufaux's Patents.

This form of Lighting for Bicycles undoubtedly fills a longfelt want amongst cyclists, as it is an exceptionally handy
method. The dirty job of filling up with oil or carbide is
eliminated. The dry battery is fitted on as an extra attachment to enable the lamps to be lit up when stationary.
The lamps can always be carried on the machine. No need
to hurry home before dark because you have no lamp. Your
"Talmo" is there and in readiness all the time. The
"Talmo" can be fitted to any standard bicycle. Orders
should state whether for Ladies' or Gents' Machines, as the
wiring differs slightly.
The Dynamo or Dry Battery can be used at option. When
machine is stationary or rider is held up by traffic, all that
is necessary for continuous lighting is to move the switch
handle (on battery case) to opposite terminal.
The Dynamo is made on improved scientific principles, and
is very light indeed, weighing only 8 ounces.

CONVENIENCE, APPEARANCE. CLE

This is made to fit on the front forks to run on the rim, and can be operated "on" or "off" by one simple switch movement, either while the machine is being ridden or

The fitting is quite simple, and the whole Set can be easily attached to a bicycle in a short time by any inexperienced person, by following the directions enclosed in the box. The Contact Screw in fork clip must be screwed up to cut through the enamel on fork to ensure complete circuit.

Each Set is neatly boxed and comprises Dynamo with clip for the Front Fork, Head Lamp complete with bulb and bracket. Rear Lamp complete with bulb and bracket. Best quality Dry Battery in leather case, fitted with 2-way switch, complete Wiring Installation, 5 clips for attaching wires to frame, spare pulley for the Dynamo, and directions for fitting.

CONVENIENCE, APPEARANCE, GLEAN Are Some of the Factors that have gone "TALMO" DYNAMO ELECTRIC GLEANLINESS and LOW MAINTENANCE COST tave gone towards Creating the Popularity of the ECTRIC LIGHTING SET FOR BICYCLES.

The Prices given in this leastet are Nett Wholesale Prices, subject to the following Settlement.

Discounts only: 21 per cent. approved Monthly Account, or 33 per cent. Cash with Order.

Orders for these goods value £5 and upwards sent to our customers in Great Britain will be forwarded Carriage Paid by Goods Train.
