YOUR LOCAL DEALER:-

After years of research we find that there is always "the man in the middle" (and the lady) who does not want a Racing Cycle, nor do they want a heavy old-fashioned machine but a genuine lightweight Tourer. The 88 (Gents) and the 89 (Ladies) combine a fine-looking quality frame built with Reynolds tubing - and the straight handlebar style with mattress saddle, yet the machine switches to lightness and grace again with a 5-speed derailleur gear and high pressure wheels. The finish is different, too, from the rest of the Falcon range, i.e. brilliant black.

Specifications subject to change without notice.

Frame Sets available for all models shown in this brochure.
